

Finding your kWh Consumption on the Florida Power & Light Portal

STEP 1

Go to the Florida Power & Light login page at: www.fpl.com/my-account/login.html

STEP 2

Log in to your account with your User ID and password.

If you haven't visited the online portal yet, you may need to create your credentials.*

**If you are a former Gulf Power customer, your previous credentials are carried over to the new portal and your login information remains the same.*

A screenshot of the Florida Power & Light (FPL) login and registration page. The page is divided into two main sections. The left section, titled "Welcome Back. Log in to your account", contains a login form with fields for "Email/User ID" and "Password". Below these fields is a blue "LOG IN" button. There is also a checkbox for "Remember my User ID" and links for "Forgot password" and "Forgot Email/User ID". A link for "Need Help? Visit Login Help" is at the bottom. The right section, titled "Don't have an FPL login yet? Register now for online access", lists benefits of registering: "24 hour access to your information", "View and pay your bill securely", "Enroll in billing and payment programs", and "Find energy and money saving tips". A blue "Register Now >" button is at the bottom of this section. An orange arrow points from the "Email/User ID" field to the "LOG IN" button. Another orange arrow points from the "Register Now >" button to an orange callout box on the right. The callout box contains the text: "If you haven't created an online account, click Register Now and follow the instructions to set up your portal." At the bottom of the page, there is a section for "Moving to a new home or office?" with a truck icon and a "START SERVICE" button. The text "Establishing electric service online with FPL is easy and convenient" is also present.

STEP 3

You will be prompted to choose your region. Select the FPL Northwest FL option and click log in.

Which region would you like to access?

OR

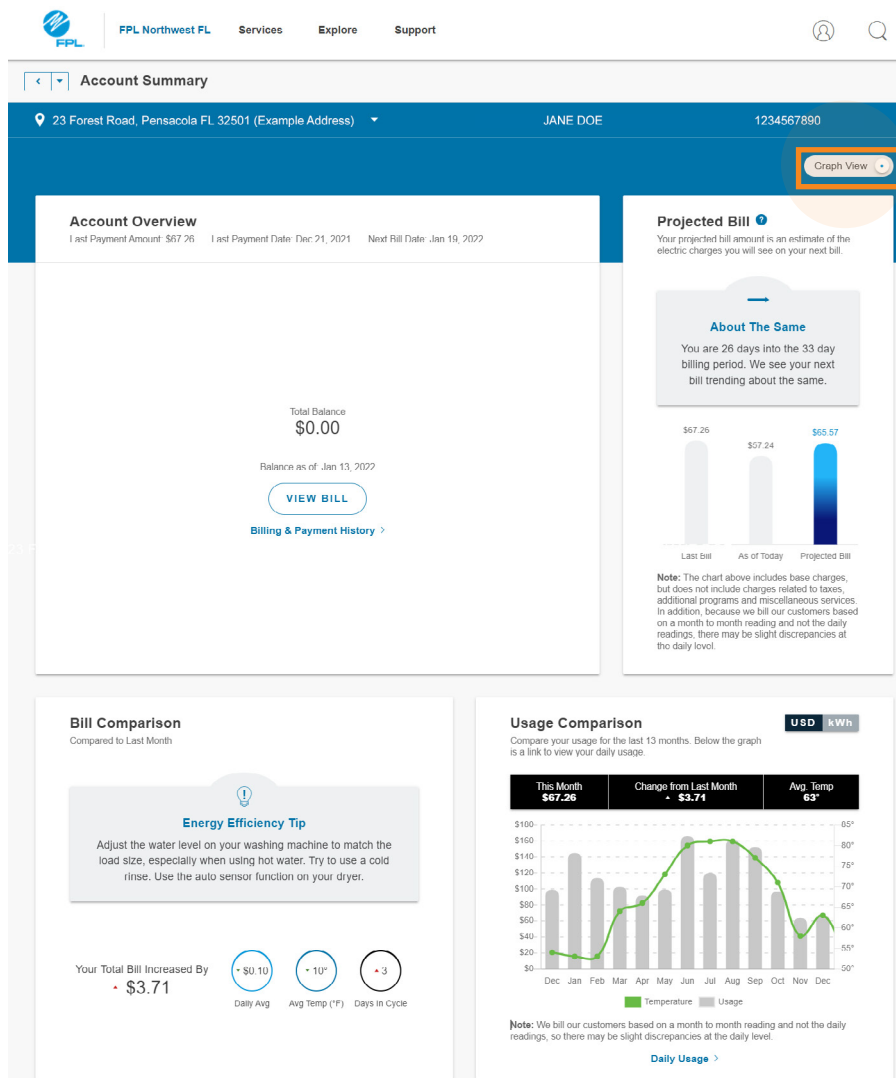

LOG IN

BACK

STEP 4

This is your account overview page. Looking at the right side of the page, click on the dot next to "Graph View" to switch your Usage Comparison to "Table View."

STEP 5

Now that you are in “Table View,” scroll down to your “Usage Comparison” table, and toggle the display from “USD” to “kWh” so that kWh is now highlighted in black.

Projected Bill ⓘ

Your projected bill amount is an estimate of the electric charges you will see on your next bill.

	Last Bill	Next Bill
Bill Amount	\$67.26	\$65.57
# of Days	31	33
Avg Temp	53°F	-

Note: The chart above includes base charges, but does not include charges related to taxes, additional programs and miscellaneous services. In addition, because we bill our customers based on a month to month reading and not the daily readings, there may be slight discrepancies at the daily level.

Bill Comparison

Compared to Last Month

	Nov 2021	Dec 2021	Difference
Bill Amount	\$63.55	\$67.26	▲ \$3.71
Daily Avg	\$2.27	\$2.17	▼ \$0.10
Avg Temp (°F)	63°	53°	▼ 10°
# of Days	28	31	▲ 3

Usage Comparison

USD

kWh

Compare your usage for the last 13 months. Below the graph is a link to view your daily usage.

Months	This Month	Change from Last Month
Dec 2021	\$67.26	▲ \$3.71
Nov 2021	\$63.55	▼ \$33.16
Oct 2021	\$96.71	▼ \$55.78
Sep 2021	\$152.49	▼ \$8.74
Aug 2021	\$161.23	▲ \$41.21
Jul 2021	\$120.02	▼ \$46.00
Jun 2021	\$166.02	▲ \$66.59

Note: We bill our customers based on a month to month reading and not the daily readings, so there may be slight discrepancies at the daily level.

Daily Usage >

STEP 6

Now you can see your kWh consumption by month. Depending on how long you have had your FPL account, you may need to scroll down to see the consumption for each month. Your SunFarm Energy consultant will need at least 12 months of your consumption records.*

**If you are building new construction and do not have a kWh record, please provide a copy of any building plans.*
