Email Your Legislators

Dear *[Insert Legislator's Name]*

My name is *[First Name Last Name]* and I am a constituent in *[Town or City]*. I currently have solar on my home and I wanted to express opposition to two bills that will be coming before the legislature this year.

SB 1024 and HB 741 threaten to end net metering policies in the state of Florida. These changes will drastically cut the value of the excess power that I send back to the utility and will have a huge impact on my family.

We made the decision to go solar because *[share a few words]*. These proposed changes favor utility interests and unfairly punish ordinary Floridians who have made the smart switch to solar power.

According to a 2021 poll by FlaSEIA, our current net metering policies are supported by 93% of Floridians. These policies are popular and help expand the use of renewable energy in our state. Please vote against these bills in 2022.

Sincerely,

Your First & Last Name

Call Your Legislators

Hello, my name is *[First Name Last Name]* and I am a constituent living at *[Address]*.

I currently have solar on my home and I wanted to express opposition to SB 1024 and HB 741 which will be coming before the legislature this year.

These proposed bills threaten to end net metering policies in the state of Florida and this will have a huge impact on my family and I. These bills clearly favor utility interests and unfairly punish ordinary Floridians who have made the smart switch to solar.

Net metering policies are popular and help expand the use of renewable energy in our state. Please vote against these bills in 2022.

Thank you.
