## STEP 4

This is your account overview page. Looking at the right side of the page, **click on the dot next to "Graph View" to switch your Usage Comparison to "Table View."**

The screenshot shows the FPL Northwest FL account overview page. The top navigation bar includes the FPL logo, 'FPL Northwest FL', 'Services', 'Explore', and 'Support'. The account summary section shows the address '23 Forest Road, Pensacola FL 32501 (Example Address)', the name 'JANE DOE', and the account number '#1234567890'. The 'Table View' button is highlighted with a red box and an arrow. The 'Account Overview' section shows a total balance of \$0.00 as of Jan 13, 2022. The 'Projected Bill' section shows a table comparing the last bill and the next bill.

	Last Bill	Next Bill
Bill Amount	\$67.26	\$65.57
# of Days	31	33
Avg Temp	53°F	-

**Note:** The chart above includes base charges, but does not include charges related to taxes, additional programs and miscellaneous services. In addition, because we bill our customers based on a month to month reading and not the daily readings, there may be slight discrepancies at the daily level.

# STEP 5

Now that you are in "Table View," scroll down to your "Usage Comparison" table, and toggle the display from "USD" to "kWh" so that kWh is now highlighted in black.

The screenshot shows the FPL Northwest FL account summary page. At the top, there is a navigation bar with the FPL logo, the text "FPL Northwest FL", and links for "Services", "Explore", and "Support". On the right side of the navigation bar, there are icons for a user profile and a search function. Below the navigation bar, the page title is "Account Summary". The main content area is divided into several sections:

- Account Overview:** Displays the total balance as \$0.00, the last payment amount of \$67.26, the last payment date of Dec 21, 2021, and the next bill date of Jan 19, 2022. It includes a "VIEW BILL" button and a link to "Billing & Payment History".
- Projected Bill:** Shows a comparison between the last bill and the next bill. The last bill amount is \$67.26 for 31 days with an average temperature of 53°F. The next bill amount is \$65.57 for 33 days. A note explains that the projected bill is an estimate and may include base charges, taxes, and miscellaneous services.
- Bill Comparison:** A table comparing the current month (Dec 2021) to the previous month (Nov 2021) for various metrics.
- Usage Comparison:** A table showing usage for the last 13 months. It includes a toggle for "USD" and "kWh", with "kWh" currently selected and highlighted in black. An orange arrow points to this toggle. Below the table is a note about monthly billing and a link to "Daily Usage".

# STEP 6

Now you can see your kWh consumption by month. Depending on how long you have had your FPL account, you may need to scroll down to see the consumption for each month. Your SunFarm Energy consultant will need at least 12 months of your consumption records.\*

\*If you are building new construction and do not have a kWh record, please provide a copy of any building plans.

The screenshot displays the FPL Northwest FL Account Summary page. At the top, there is a navigation bar with the FPL logo, the text 'FPL Northwest FL', and links for 'Services', 'Explore', and 'Support'. On the right side of the navigation bar, there are icons for a user profile and a search function. Below the navigation bar, the page title 'Account Summary' is displayed with a back arrow icon. The main content area is divided into several sections:

- Account Overview:** Shows the last payment amount of \$67.26, the last payment date of Dec 21, 2021, and the next bill date of Jan 19, 2022. The total balance is \$0.00 as of Jan 13, 2022. A 'VIEW BILL' button and a link to 'Billing & Payment History' are provided.
- Projected Bill:** Indicates that the projected bill amount is an estimate of the electric charges for the next bill. A table compares the last bill and the next bill.
- Bill Comparison:** Compares the current bill to the last month's bill across four categories: Bill Amount, Daily Avg, Avg Temp, and # of Days.
- Usage Comparison:** Compares usage for the last 13 months. A table shows usage in kWh for each month from June 2021 to December 2021, along with the change from the last month. A note explains that billing is based on a month-to-month reading, not daily readings.

The 'Usage Comparison' table is highlighted with an orange border and an arrow pointing to it from the 'Usage Comparison' section header.
